Hi My Friend!

I am feeling pretty **grateful** this week, and it's **all thanks to you**.

**On Friday, I announced the launch of my brand new book** *Make & Give Home Apothecary: Easy Ideas for Making & Packaging Bath Bombs, Salts, Scrubs & More* and I immediately began receiving a ton of lovely emails from readers expressing their excitement about the book.

Because of all the newsletter subscribers who pre-ordered the book on Amazon and Etsy, **the first run of the book has already sold out and it has been sent to a second printing!** I sold out of the signed copies for Canadians within a few hours of the launch announcement going out on Friday night, so by the time most people even opened the email on Saturday, there were no copies left (don't worry, more are coming!).

**I am overwhelmed by your response and cannot express how much it means to me.** Writing this book was a ton of fun and I can't wait to see what it helps you create.

As a huge THANK YOU for your patience in waiting for *Home Apothecary* to

get reprinted and your enthusiastic support, I'm **putting all my ebooks on sale for 30% off for one week (July 25-31)**. Use the code HAThankYou to order them from the [shop](#). And don't forget that 10% of all ebook sales goes to the [Sowing Kindness](#) project.
